DATE: JUL 28 1997

REPLY TO: Office of International Health Programs: Neil Barss: 301-903-4024
ATTN OF:

SUBJECT: MARSHALL ISLANDS PUBLIC MEETING - JULY 8, 1997

TO: Martin J. Domagala, Deputy Manager, Oakland Operations Office (OAK)

We wish to thank you and your staff for your support and assistance that contributed greatly to the success of the public meeting on the Department of Energy's (DOE) Marshall Islands special medical program, which was hosted by OAK on July 8, 1997.

We especially wish to recognize the contributions made by you personally, by Carole Word and Lauren Noble of your staff, and by William Joseph of the La Salle building operations staff. Without this assistance, a successful public meeting could not have been achieved.

We look forward to our mutual efforts to implement DOE's cooperative agreement on the Marshall Islands special medical program once an awardee has been selected.

Paul J. Seligman, M.D., M.P.H.
Deputy Assistant Secretary
for Health Studies

cc: John R. Belluardo, OAK
